Warranty

Coti Global Sensors warrants all load cells against defects in materials and workmanship for one (1) year from the date of shipment from Coti Global Sensors.

If any load cell fails to conform to these warranties, Coti Global Sensors will, at its option, repair or replace such goods returned within the warranty period subject to the following conditions;

Upon discovery by Buyer of such non-conformity, Coti Global Sensors will be given prompt written notice with a detailed explanation of the alleged deficiencies.

Coti Global Sensors will have reasonable time to repair or replace the defective equipment. Buyer is responsible for shipping the product to Coti Global Sensors. Coti Global Sensors is responsible for shipping the product back to the customer.

In no event will Coti Global Sensors be responsible for travel time or on-location repairs, including assembly or disassembly of equipment. Nor will Coti Global Sensors be liable for the cost of any repairs made by others.

These warranties exclude all other warranties, expressed or implied. Coti Global Sensors will, in any event, not be held liable for incidental or consequential damages.

Coti Global Sensors and buyer agree that Coti Global Sensors sole and exclusive liability hereunder is limited to repair or replacement of such goods. In accepting this warranty, the buyer waives any and all other claims to warranty.
